i3SIXTY 3
Discover the features

Your favorite apps at your fingertips.

Access the whole Google Play Store with our Google-enabled bundle, offering seamless access to thousands of apps. Customize your i3SIXTY 3 experience with easy, three-tap app installations, making it a versatile tool for any task.

The ultimate pen to paper feeling.

The i3SIXTY 3's capacitive touch technology elevates touchscreen precision to mirror a pen-on-paper experience, making every tap and swipe quick and accurate. This intuitive technology supports multi-touch gestures, simplifying complex interactions and making the user experience feel natural and fluid. It's ideal for enhancing communication and collaboration, turning every session into an engaging experience.

Instantly Teams-Ready.

Equip your i3SIXTY 3 with an optional camera and mic to transform it into a Microsoft Teams-ready device in seconds, or take advantage of the USB-C connection for audio, video, camera, touch and charging (BYOM). Perfect for turning any meeting into a collaborative, high-quality video conference.

i3-TECHNOLOGIES

Mobility
meets versatility.

Quickly adapt any space for collaboration with the i3SIXTY 3's mobile stand with enlarged wheels and slim 50-inch or 65-inch display. Its assisted rotation feature allows you to optimize viewing angles, making even the smallest spaces into effective meeting points.

Display features

EDLA
Google certified device, quarterly security patches, Google Play store, Google workspace.

Work faster
Take advantage of the advanced Octa-core Android engine because the more powerful and updated your processor, the faster your display can complete its tasks. By getting a more powerful processor, it can help you work faster.

90° screen rotation
Toggle between landscape and portrait mode to optimize visibility of your content.

Capacative touch
The capacitive touch technology creates an incredibly responsive and natural touch experience and a sleek, high-end aesthetic.

Optional Mobile stand
Turn any area into a collaborative workspace with the wheeled, mobile stand.

Just one cable
The i3SIXTY 3 allows devices with a USB-C connection to be connected to the screen with one cable for image, audio, touch, and camera.

i3STUDIO
Our interactive displays are pre-installed with i3STUDIO. i3STUDIO delivers everything you need to accomplish your best lesson, pitch, presentation or brainstorming session. Leave the room dazzled.

Rotation-supported camera
Maximize your screen real estate - With i3SIXTY you can choose the appropriate orientation – portrait or landscape providing you the optimal screen real estate during a video conference.
