Expanded creativity on the new, mightier i3SIXTY 3.

Now with access to your favorite Android apps, the i3SIXTY 3 boosts group collaboration and sparks creativity. Rotate it, roll it anywhere, work in the cloud and manage it remotely to keep spaces tidy and collaboration smooth. Plus, enjoy the pen-to-paper feel of capacitive touch technology in a mobile, space-efficient design.

i3SIXTY 3

Powered by i3STUDIO

Free software included.

Our interactive displays are powered by i3STUDIO – our free, pre-installed software suite which includes: whiteboard, annotate, wireless presenting, video conferencing.

i3STUDIO gives you access to your favorite apps and internet browser with just one touch on the intuitive interface. With a state-of-the-art OTA (Over-The-Air) platform, you can be sure your device is always up to date with the latest firmware. All of this is included in i3STUDIO with **free updates, forever.**

Full stack for great performance

i3STUDIO is built on completely new and future-proof technical architecture with improved management capabilities including: notification and messaging system, integrated support, and OTA updates.

Go-to apps at your fingertips

The apps you rely on daily are available on i3STORE. Using the secure environment you can browse, install, update, and keep track of your apps on i3STUDIO. PowerPoint, Word, Zoom, digital signage, and more.

Free lifelong updates

Forever-free automatic updates. No subscription fees, hassle-free updates, and one seamless updating process - all Over-The-Air. You will always use the latest software version even if you bought your device years ago.

Your favorite apps at your fingertips.

Access the whole Google Play Store with our Google-enabled bundle, offering seamless access to thousands of apps. Customize your i3SIXTY 3 experience with easy, three-tap app installations, making it a versatile tool for any task.

Mobility meets versatility.

Quickly adapt any space for collaboration with the i3SIXTY 3's mobile stand with enlarged wheels and slim 50-inch or 65-inch display. Its assisted rotation feature allows you to optimize viewing angles, making even the smallest spaces into effective meeting points.

The ultimate pen to paper feeling.

The i3SIXTY 3's capacitive touch technology elevates touchscreen precision to mirror a pen-on-paper experience, making every tap and swipe quick and accurate. This intuitive technology supports multi-touch gestures, simplifying complex interactions and making the user experience feel natural and fluid. It's ideal for enhancing communication and collaboration, turning every session into an engaging experience.

Display features

EDLA

Google certified device, quarterly security patches, Google Play store, Google workspace.

Active pen included

No more pairing or charging required, just pick up the included active pen and start writing on the i3SIXTY 3 right away.

90° screen rotation

Toggle between landscape and portrait mode to optimize visibility of your content.

Capacitive touch

The capacitive touch technology creates an incredibly responsive and natural touch experience and a sleek, high-end aesthetic.

Optional Mobile stand

Turn any area into a collaborative workspace with the wheeled, mobile stand.

Just one cable

The i3SIXTY 3 allows devices with a USB-C connection to be connected to the screen with one cable for image, audio, touch, and camera.

i3STUDIO

Our interactive displays are pre-installed with i3STUDIO. i3STUDIO delivers everything you need to accomplish your best lesson, pitch, presentation or brainstorming session. Leave the room dazzled.

Rotation-supported camera

Maximize your screen real estate - With i3SIXTY you can choose the appropriate orientation - portrait or landscape providing you the optimal screen real estate during a video conference.

Instantly Teams-Ready.

Equip your i3SIXTY 3 with an optional camera and mic to transform it into a Microsoft Teams-ready device in seconds, or take advantage of the USB-C connection for audio, video, camera, touch and charging (BYOM). Perfect for turning any meeting into a collaborative, high-quality video conference.
