Important safety information for both installer and user:

Installer:

- *Before starting the installation, read the safety instructions and this product manual carefully.*
- *Failure to read, thoroughly understand, and follow all instructions can result in serious personal injury and damage to equipment!*

User:

- **Please carefully read the below safety information and manual before using the product to ensure a failure-free working unit and avoid accidents.**

The intended use of the product:

- The product is intended to be used with the matching 50" i3SIXTY 3 interactive display only.
- The camera(s) shown in this document are an optional extra. The camera has been designed to enhance the functionality of the interactive display.
- The product is intended for in-door usage in classrooms, offices or meeting rooms at temperatures between 0 to 40°C (32°F to 104°F).
- Please make sure the indoor environment is dry and cool. Normal operating humidity is 10%-90%RH. Do not use this product in an outdoor environment.
- The product is intended to be used by adults; children under the age of 16 should only use the product under adult supervision.

Electrical Safety

- Connect the unit to a properly grounded outlet only.
Make sure the unit can be immediately separated from the power outlet.
- **Only use the unit in dry rooms, protect it from water and other liquids.**
The unit does not have dripping or splashing protection.
- Clean the unit with drycloth only. Do not spray the unit with any liquid.
- Do not overuse the cable(s) or damage it in any other way.
Replace damaged cable(s) immediately with new identical cable(s).
- Disconnect power cable from power outlet before moving the product.

Mechanical Safety

- The mobile base is to be used with the 50" i3SIXTY Display panel only.
- **Before moving or rotating the unit, ensure at least 20 cm/ 7.9 inch safety distance** from any part of the unit to any other elements in order to avoid collision or personal injury.
- Severe risk of injury when unit tips over. The maximum slope that the unit can be used upon is 10°.
- Keep fingers and other body parts away from moving parts.
- ***It is the installer's responsibility to make sure the installation has been done properly. Using it with other screens may result in instability causing tip over and resulting in death or serious injury!***
- The installation, maintenance and un-installation of the product should be operated by trained professional and skilled personnel.
- Do not dismantle the rotating mechanism.
There are no serviceable parts inside.

i3SIXTY 3 comes in two boxes:

Box 1: IFPD DISPLAY
