

i3TOUCH EX Experience

interactive excellence.

High end design

The i3TOUCH EX has a refined and sleek design with an ultra-slim bezel and aluminium accents that create a premium look and feel.

Natural writing

Enjoy a perfect touch and viewing experience. Thanks to the zero air gap technology we were able to achieve a pen-to-paper feeling.

Jot down ideas, share with everyone

Create, capture and share your ideas or notes in the integrated whiteboard solution. Share your notes instantly via email, USB or QR code.

Digital signage

Share announcements, upcoming events, emergency messages and school- or companywide information with the digital signage feature on our i3TOUCH EX display.

Magnetic pen holder

Two integrated magnetic pen holders for a more intuitive, more ergonomic, easy reach.

Present wirelessly from any device

No more need for additional hardware. Present your screen wirelessly from any device on the i3TOUCH. All you need is the free app.

•••

Multi-function button

A shortcut for different actions: freeze image to hide confidential information, take a screenshot, switch to your preferred video input source, or choose other actions.

8 Years warranty

We are proud of our quality products and so we offer a warranty of up to 8 years, which is exceptional in the market.

One cable connection

The i3TOUCH EX is a future-proof solution that allows the latest devices with a USB-C connection to be connected to the screen with one cable for image, power, touch and audio.

High precision IR

The i3TOUCH EX includes an improved IR technology with a more precise and accurate touch, up to 30% more accurate than regular IR, and improved object recognition.

The combination of a motion and light sensor will optimize your viewing experience to all lighting conditions and keep energy consumption balanced.

Intuitive interface

Easily access your apps, change and rename input sources on the home screen, and navigate via the side menu.
