i3CAMERA PRO P1201

Endless compatibility

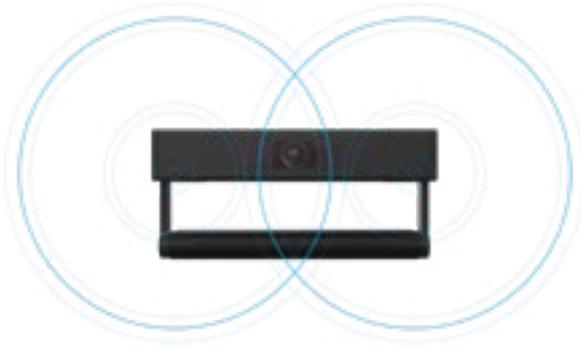

The plug & play connectivity allows endless compatibility with Microsoft Skype, Skype for Business, Teams, Zoom, Google Hangouts, Cisco Webex, BleuJeans, GoToMeeting, GoToWebinar and other video conferencing and recording applications that support USB cameras.

Never miss a thing

The i3CAMERA Pro 4K camera has a Wide Dynamic Range lens making it optimal for close-quarter meetings or hybrid classrooms. With the face recognition, built-in noise reduction and low light capacity, meetings and lessons are a breeze.

With a built-in 12 meter omnidirectional microphone, sound won't be an issue in larger meeting rooms and classrooms, bringing exceptional clarity and making sure you can always get your point across.

Omnidirectional mic

With a built in microphone array, using an omnidirectional pickup working up to 12 meters, nobody will be out of reach again. Thanks to the noise suppressing algorithm voices will be crisp and clear.

Low light support

With the CMOS image sensor the camera is able to give you clean and clear images, even under low light conditions.

Wide dynamic range

With a wide angle up to 120°, you'll get everyone on the picture. At the same time, it supports EPTZ to remotely control the Pan, Tilt, and Zoom of the camera.

Face recognition

By enabling the face recognition, the camera will center on the faces in the room, to avoid distraction of other element.

PRODUCT SPECIFICATIONS

Model name i3CAMERA PRO P1201

Article number 10010149

CAMERA

Sensor 1/2.5", CMOS, Effective Pixel: 8.29M

Scanning mode Progressive

Lens mount M12

Lens Focus: f=2.8mm, FOV: 120°

Minimal Illumination 0.05 Lux @ (F1.8, AGC ON)

Shutter 1/30s ~ 1/10000s

White Balance Auto, Manual

Camera Bracket Optional Accessory

Digital Noise Reduction 2D, 3D digital noise reduction

Backlight compensation Supported

Mounting Supported: Display-Top-Edge Clip, Table-Top Stand, Tripod Mount Screw
Optional Accessory: VESA mounting bracket.

USB-FEATURES

Operating system Windows® 7, Windows 8.1, Windows 10 or higher, macOS™ 10.10 or higher,
Google™ Chromebook™ Version 29.0.1547.70 or higher, Linux

2.4 GHz Intel® Core 2 Duo processor or higher 2 GB RAM or more USB 2.0 port

Color system/Compression H.264 / MJPEG / YUY2 / NV12

Video format UHD@30fps, 1080p@30fps/25fps, 720p@30fps/25fps, 960x540p@30fps/25fps, 640x360p@30fps/25fps

USB Video Communication Protocol UVC 1.1

INPUT/OUTPUT INTERFACE

USB interface 1x USB 3.0: Type B

GENERAL SPECIFICATION

Input voltage 5V (USB power supply)

Power consumption 600mA (max)

Compatibility Plug and play USB connectivity, Suitable for Skype for Business, Teams, Zoom® Meetings,
Cisco Webex, Hangouts & other.

Warranty 2 years
