

i3LYFT Flexible mounting solution

Wall mounted

The i3LYFT wall mount has fast and smooth electrical height adjustment for your touch screen. The height of your interactive display can be adjusted effortlessly to the height of the user thanks to the double lifting columns, making it easily accessible for everyone.

Mobile

On the move? The i3LYFT mobile mount gives you the same smooth electrical height adjustment, but allows you to take your interactive display anywhere you need it. The height of your interactive display can be adjusted effortlessly to the height of the user and the mobile mount allows you to take it from boardroom to classroom, making it easily accessible for everyone.

PRODUCT SPECIFICATIONS - MOBILE
